Build Your Own Fundraiser

Purchase the fundraising package for a discounted price versus our regular retail cost. Then pick the price point, sell the cards, and the difference in price is your profit. Discount levels are at 150, 300, and 600 items but any number of items can be purchased. Larger volumes are discounted more giving you more profits. Any unsold cards can be returned so there is little risk on your end. Sell to classmates, other allied health professionals at your school, family and friends in healthcare, local ambulance or hospital, at clinical sites (with permission), and don't forget yourself!

- This package is unique in that you decide the exact number of every single item. Some schools choose to only sell a few different cards which this program is perfect for. This program is also nice if there are cards that you want more or less of compared to the standard packages.

- There are also some other items and sets available in this program that are not included in the standard packages. They are available for the same discount levels but do keep in mind that this program is based on the number of items. So a set counts as just 1 item even though there may be 6 cards in it.

- In this program the pricing discounts are based on percentages 150-299 is 20% off, 300-599 is 27.5% off, and 600+ is 35% off. This package is about \$0.10 more per card than our standard fundraising packages. If you are looking to get the most profit, one of those packages might be a better fit.

- Payment must be received in full prior to shipment. PO's can be accepted and are subject to a \$5.99 processing fee.

- Shipping is \$6.99 for USPS Priority Mail. Products are shipped from Connecticut. Orders are usually shipped within 24-48 hours.

- Unsold items in new condition can be returned for up to 60 days from date of order. Return credit as noted based on size of package purchased.
